

REGULATIONS OF THE UNIVERSITY OF BIRMINGHAM**SECTION 7 - ASSESSMENT, PROGRESSION AND AWARD****Executive Brief**

Sets out the Regulations for assessing Registered Students; requirements for progression from one stage of a Programme of Study to the next; Regulations on the granting and calculation of awards; and the conduct of Degree Congregations.

Section 7. Assessment, Progression and Award

7.1 Examiners

7.1.1 General

7.1.1 Registered Students shall be examined by external and internal examiners.

7.1.2 Internal Examiners

7.1.2 (a) Heads of Principal Academic Units (PAU's) or their nominees shall be responsible for the appointment of internal examiners.

7.1.2 (b) For taught programmes the procedures for the appointment, including eligibility criteria, and role of internal examiners shall be as specified in the Code of Practice on Taught Programme and Module Assessment, approved by Senate or under delegated authority from time to time.

7.1.2 (c) Where there are taught elements of research degree programmes (as defined in subsection 6.1.4) the Code of Practice on Taught Programme and Module Assessment shall apply to such elements with respect to internal examiners.

7.1.2 (d) For research degree programmes the procedures for the appointment, including eligibility criteria, and role of internal examiners shall be as specified in Code of Practice for Assessment of Research Degree Theses.

7.1.3 External Examiners

7.1.3 (a) The Senate shall have responsibility for and oversight of the appointment of External Examiners.

7.1.3 (b) No University award with taught elements shall be awarded without the participation in the examining process of at least one examiner external to this University acting as a full member of the relevant Board of Examiners. Exceptions to this requirement shall be granted by the Senate.

7.1.3 (c) For taught programmes of study the procedures for the appointment, including eligibility criteria, and role of External Examiners shall be as specified Code of Practice on External Examining (Taught Provision).

7.1.3 (d) Where there are taught elements of research degree programmes (as defined in section 1.4, Programme of Study) the Code of Practice on External Examining (Taught Provision) shall apply to such elements with respect to External Examiners.

7.1.3 (e) For research degree programmes the procedures for the appointment, including eligibility criteria, and role of External Examiners shall be as specified in the Code of Practice for Assessment of Research Degree Theses.

7.2 Assessment of Taught Programmes and the Taught Elements of Research Degree Programmes

7.2.1 General

- 7.2.1 (a) All modules must be assessed. The purpose of assessment is to measure the achievement of the intended learning outcomes. The form(s) of assessment for any module shall be appropriate for this purpose.
- 7.2.1 (b) Assessment of modules shall be consistent with the principles specified in the Code of Practice on Taught Programme and Module Assessment and Feedback.
- 7.2.1 (c) Assessment should not be excessive. PAU's should refer to the 'Assessment Load Guidance' document when setting assessments for Undergraduate and Postgraduate Taught programmes
- 7.2.1 (d) The timing of assessment shall be as follows:
- (i) In the case of undergraduate programmes, modules must be assessed within the University Session in which they are taken, unless permitted by the Senate or under delegated authority.
 - (ii) In the case of postgraduate taught and graduate taught programmes, modules must be assessed within 12 months of being commenced, unless otherwise specified in the appropriate module specification and approved by the Senate or a delegated authority.
 - (iii) In the case of research degree programmes with taught elements, modules must be assessed within 12 months of being commenced, unless otherwise specified in the appropriate module specification and approved by the Senate or a delegated authority.
- 7.2.1 (e) The assessment of each module shall generate a single mark between 0 and 100 except in cases specified by the Senate or a delegated authority where the mark shall be pass or fail.
- 7.2.1 (f) A Registered Student who does not attempt a required element of a module's assessment by failing to attend a required examination without adequate cause or failing to complete other assessed work shall be awarded a mark of 0 for that element (or fail where appropriate). Note also the requirements in respect of Academic duty in relation to assessment and Reasonable diligence below.
- 7.2.1 (g) A module shall be passed if the Registered Student has demonstrated the achievement of the module's specified learning outcomes.
- 7.2.1 (h) The pass mark for level F, C, I and H modules is 40. There may be exceptions to this where it is required by external bodies. Such exceptions shall be agreed by the Senate or a delegated authority.

- 7.2.1 (i) The pass mark for level M and D modules is 50.
- 7.2.1 (j) Marks awarded for each module will be provisional until confirmed by the relevant Board of Examiners. Subject to this provision, Registered Students shall be given informal guidance with regard to their academic performance in accordance with relevant University Codes of Practice.
- 7.2.1 (k) In order to obtain credit in a module a Registered Student must have gained at least the specified pass mark for the module and completed any other requirements to the satisfaction of the Board of Examiners.
- 7.2.1 (l) Credit may be awarded only for successful completion of the stated learning outcomes of the module. On undergraduate programmes only, where the positive aspects of the overall performance within the module outweigh the area of failure, 'compensation' of a weak achievement by a strong performance elsewhere should be allowed only in relation to assessments within a single module.
- 7.2.1 (m) Module marks will be expressed on a Registered Student's official transcript as a numerical value between 0 and 100 where such marks are generated. Otherwise marks shall be expressed as 'pass' or 'fail'.
- 7.2.1 (n) Credit weighted mean mark (hereafter referred to as the weighted mean mark) of a set of modules means the sum of the products of the marks attained in each module and the credit values of the module, divided by the sum total of the credit values of the modules required.
- 7.2.1 (o) The weighted mean mark will be used to determine the degree classification, grade point average and potential award of 'cum laude' of a Registered Student¹.
- 7.2.1 (p) Registered Students who graduate with a classified Bachelor's or Undergraduate Master's degree from July 2019 onwards can request a secondary transcript which will contain their overall weighted mean mark, grade point average and, if applicable, award of 'cum laude'. This is optional and will only be provided to Registered Students on request.

7.2.2 Assessment of Non-credit Bearing Requirements.

- 7.2.2 (a) Where programmes are permitted to have non-credit bearing requirements (as per section 6), assessment of such requirements will be consistent with procedures as set out in the Code of Practice on Taught Programme and Module Assessment.
- 7.2.2 (b) The assessment of such elements shall be pass or fail.
- 7.2.2 (c) Marks for such elements will be expressed on a Registered Student's transcript as 'pass' or 'fail'.
- 7.2.2 (d) Opportunities to retrieve failure in such requirements shall be as specified in the programme specification. The expectation is that these shall normally be equivalent to those available for the academic components of the programme (see below).

¹ Section 7.3.1 provides detail on how the weighted mean mark is used for these purposes.

There may, however, be occasions where opportunities differ due to the requirements of professional bodies.

7.2.3 Conduct of Assessment – Written Examinations

7.2.3 (a) Responsibilities

- (i) The Academic Registrar shall be responsible for the arrangements and conduct of all written examinations held during designated examination periods.
- (ii) The Head of each Principal Academic Unit or their nominee shall be responsible for the arrangements and conduct of all written examinations held outside designated University examination periods and for carrying out, in relation to such examinations, the functions ascribed in these regulations to the Academic Registrar.

7.2.3 (b) Liaison with the Examinations Office

The Head of each Principal Academic Unit shall nominate at least one member of University Staff from within the unit who shall be responsible for liaison with the relevant section of Academic Services.

7.2.3 (c) Examination Question Papers

- (i) The Head of each Principal Academic Unit shall have responsibility for ensuring that, where necessary, examination question papers are submitted to External Examiners for approval as per the Code of Practice on External Examining (Taught Provision)
- (ii) The Head of each Principal Academic Unit shall have responsibility for ensuring that suitably verified and formatted examination question papers are forwarded to Academic Services by any deadlines set by the Academic Registrar.
- (iii) Examination question papers shall be in the format specified in the Code of Practice on Taught Programme and Module Assessment and Feedback.

7.2.3 (d) Examination Sittings

The conduct of written examinations shall be as specified in the Code of Practice on Taught Programme and Module Assessment and Feedback. In addition:

- (i) Written examinations shall be supervised by invigilators appointed by the Academic Registrar.

- (ii) Registered Students must verify their identity during an examination sitting by means of a Student ID card or another suitable form of photographic identification (as specified in the Code of Practice on Taught Programme and Module Assessment and Feedback). Failure to do so shall constitute an examination irregularity and a disciplinary offence.
- (iii) No Registered Student sitting an examination shall be permitted to enter the examination room after 30 minutes from the start of the examination, and no Registered Student shall be allowed to leave the room, except in an emergency, and with the permission of an invigilator, until after 30 minutes from the start of the examination.
- (iv) Failure to comply with written or oral examination instructions and/or the instructions of invigilators and/or creating a disturbance shall constitute an examination irregularity. Any such examination irregularity shall be reported to the Academic Registrar or their nominee who shall have power to remove the Registered Student from the examination room, and take such further steps as he or she may consider necessary including action under reference to section 8.
- (v) The invigilator will submit a written report detailing the allegation of examination irregularity to the Academic Registrar (or nominee), normally within twenty four hours of the conclusion of the sitting. If the matter is sufficiently serious to warrant reference to the College Fitness to Practise Committee or College Misconduct Committee, this should be dealt with in accordance with the Code of Practice on Misconduct and Fitness to Practise Committee.
- (vi) Answers must be written in longhand in answer books and/or other papers provided as per the instructions on examination question paper rubrics, apart from exemptions made for particular Registered Students as specified below, and be legible. Registered Students who submit scripts, answers, or parts of answers which examiners find illegible may be liable to penalty. If the examiners decide that it is necessary to obtain a legible transcript before a script may be marked, the Registered Student concerned will be liable for the cost of producing the transcript.
- (vii) Alternative examination arrangements, including exemption to the requirement to provide answers written in longhand, will be made where, on the basis of a temporary or permanent disability, the University considers that the standard arrangements would place a Registered Student at an unfair disadvantage. Academic Services shall have ultimate responsibility for determining what arrangements will be made for individual Registered Students but will be advised by the University's disability support services. Procedures for alternative examination arrangements shall be as specified in the Code of Practice on Taught Programme and Module Assessment and Feedback.

7.2.3 (e) Distribution and Return of Answer Books

- (i) Arrangements for the distribution and return of completed answer books and other papers from examination venues and Academic Services shall comply with the requirements of the Academic Registrar.
- (ii) All answer books and other papers shall remain confidential to the examiners and shall be destroyed after a period of not less than twelve months after the last engagement of the student with the University.

7.2.4 **Conduct of Assessment – Other Forms of Examination**

7.2.4 The Senate or a delegated authority shall have responsibility for ensuring the conduct of all other forms of examination other than written examinations (e.g. oral and practical examinations; examination by dissertation, project work and continuous assessment) is fair and is consistent with the requirements in the relevant Code of Practice. Such conduct shall be approved in consultation with External Examiners.

7.2.5 **Determination of Results of Assessment**

- 7.2.5 (a) The results of modules shall be determined by Boards of Examiners appointed for the purpose. Boards of Examiners shall comprise internal and external duly appointed.
- 7.2.5 (b) Boards of Examiners shall use the results of modules to make decisions or recommendations on final Awards and progression.
- 7.2.5 (c) The Senate or a delegated authority shall have responsibility for establishing codes of practice for the composition and conduct of Boards of Examiners meetings. The codes of practice shall be as specified in the Code of Practice on Taught Programme and Module Assessment.
- 7.2.5 (d) There shall be provision for Boards of Examiners to take account of the effect of any illness or other serious adverse circumstances, i.e. extenuating circumstances, on Registered Students' academic performance via the mechanism of extenuating circumstances panels as defined in the Code of Practice on Taught Programme and Module Assessment. Such circumstances shall include where Registered Students are prevented by illness or other sufficient cause from attending examinations or completing assessments.
- 7.2.5 (e) It is the responsibility of the individual Registered Student to bring to the attention of the relevant Boards of Examiners, via the extenuating circumstances procedures, any such circumstances he or she wishes to have taken into account before the meeting of the relevant Board of Examiners takes place.
- 7.2.5 (f) Procedures adopted by Boards of Examiners to consider extenuating circumstances and make consequent decisions shall be fair, equitable and transparent and shall be subject to the scrutiny of the Senate or a delegated authority.

- 7.2.5 (g) Where a Board of Examiners accepts that extenuating circumstances have affected academic performance, the board shall normally award a classification or recommend a progress decision consistent with the performance which, on the evidence available to it, the Board reasonably judges the Registered Student would have achieved if performance had not been affected by extenuating circumstances.
- 7.2.5 (h) In exceptional circumstances, where a Board of Examiners considers that a Registered Student is unable to complete the requirements of their programme due to serious illness, death or other significant cause, the Board may recommend the award of an aegrotat degree, diploma or certificate. This recommendation replaces any decision to award a lower alternative qualification for which the Registered Student may have obtained sufficient credit. Such recommendations must be made in accordance with the Code of Practice on Taught Programme and Module Assessment and Feedback and shall be subject to the approval of the Progress and Awards Board. An aegrotat degree should be unclassified. Degrees which are subject to fitness to practise requirements shall not be awarded as aegrotat degrees.
- 7.2.5 (i) In exceptional circumstances, where a Registered Student has died having fully completed the requirements of their programme of study but has not graduated or been formally awarded the qualification, Boards of Examiners may recommend the posthumous award of the qualification, subject to the approval of the Progress and Awards Board.
- 7.2.5 (j) Marks shall not normally be adjusted in the light of extenuating circumstances and the mark(s) determined by the Board of Examiners will therefore reflect precisely the Registered Student's actual performance irrespective of those circumstances.
- 7.2.5 (k) A confidential written record shall be kept of any decisions or recommendations made in the light of extenuating circumstances and of cases where the mark achieved has been affected by such factors. Such information shall be made available to the Board of Examiners in subsequent years where this is relevant to the determination of the degree classification or other decisions to be taken by the board in relation to the Registered Student concerned.
- 7.2.5 (l) Boards of Examiners shall have delegated authority from Senate, to make final Award and progress decisions within Regulations.
- 7.2.5 (m) Boards of Examiners shall have delegated authority from Senate, to make final Award and progress decisions notwithstanding Regulations where such decisions have been made on the basis of extenuating circumstances.
- 7.2.5 (n) Where extenuating circumstances are not involved, notwithstanding Regulations on final Award and progress Boards of Examiners may pass recommendations and decisions to the Progress and Awards Board of Senate which shall have delegated authority to make the final decision.

- 7.2.5 (o) In the event that a decision of a College Fitness to Practice Committee or College Misconduct Committee relates to the progress of a Registered Student on a programme, or specifies a decision relating to marks or the opportunity to resubmit an assessment, this decision will bind the Board of Examiners and all rights of appeal in respect of that decision will be in accordance with the Code of Practice on Misconduct and Fitness to Practice Committee.
- 7.2.5 (p) Where a programme is under the authority of more than one Board of Examiners, Progress and Awards Board of Senate shall, where necessary, make final decisions on individual cases.
- 7.2.5 (q) Decisions made in accordance with this Regulation shall be final, unless a subsequent error in the record or incorrect application of regulations is identified. In such circumstances, the Chair of the Board of Examiners concerned shall have delegated authority, after consulting with External Examiners (or one of their number appointed for the purpose by the Board), to make a revised determination of the result, final Award and/or progress decision in question.
- 7.2.5 (r) Chairs of Boards of Examiners shall be responsible for ensuring that suitably certified and formatted lists of module marks, progress and final Award decisions are available for entry onto the University's central record by any deadlines set by the Academic Registrar.

7.2.6 Failure in Assessment

- 7.2.6 (a) Subject to sub-clause 7.2.6 (c) below, all Registered Students who fail a module, shall have one opportunity to retrieve the failure, either by re-assessment (i.e. re-sitting the examination and/or resubmitting coursework) or repetition. Such opportunity shall be normally provided and taken within one year of the initial failure except when, for reasons of frequency of module delivery, the Senate or a delegated authority has agreed otherwise.
- 7.2.6 (b) Where a student fails a module due to the failure of an internal hurdle, the mark shall be capped at 1 mark below the pass mark for that module. If the student passes the module at resit stage, the mark will be capped at the pass mark, as per 7.2.6 (j).
- 7.2.6 (c) Boards of Examiners shall determine whether a Registered Student shall be reassessed in or repeat a failed module. In normal circumstances Boards of Examiners will require reassessment unless repetition of the module is specifically justified (due to the nature of the module or the Registered Student's academic circumstances).
- 7.2.6 (d) The following applies where Registered Students are to be re-assessed in a module:

- (i) The Registered Student is required to complete such further assessment as specified by the Board of Examiners so as to demonstrate achievement of the stated learning outcomes.
 - (ii) The further assessment shall normally be taken at the time of the supplementary examination period.
 - (iii) Re-assessment of a module as defined within these regulations does not carry additional tuition fee liability.
 - (iv) Unjustified absence from the re-examination or failure to submit required work will be counted as failure in the re-assessment and a mark of 0 shall be awarded, as specified Academic Duty to Attempt Assessment below.
 - (v) The Registered Student may be designated as an External Student in which case he or she shall, subject to (i) – (iv) above, remain subject to University Legislation but shall only be entitled to access only such academic and other resources and facilities as the University shall from time to time determine.
- 7.2.6 (e) The following applies where Registered Students are to repeat a module:
- (i) The Registered Student is required to attend all teaching sessions and to complete all the assessment requirements associated with the module in order to achieve the stated learning outcomes.
 - (ii) The module should normally be repeated within one year of the initial failure.
 - (iii) Repeating a module as defined within these Regulations renders a Registered Student liable to an additional tuition fee liability. This is a proportion of the standard tuition fee, depending on the number of credits to be repeated and whether the Registered Student is classified as Home/EU, Islands or Overseas.
- 7.2.6 (f) The nature of some modules (e.g. laboratory-based modules) means that retrieval of failure can only be by means of repetition. Such modules should be designated 'repeat only' in module specification (see Regulation 6).
- 7.2.6 (g) Undergraduate Registered Students shall normally be required to take the opportunities permitted to them to retrieve failure in all failed modules, irrespective of whether successful completion of the module or modules is defined as a requirement for progression or for the award of the qualification.
- 7.2.6 (h) With the agreement of the relevant Head of Principal Academic Unit or nominee a Registered Student required to be reassessed in or repeat a module may be allowed to choose a substitute module subject to the programme specification and availability. In such cases, the Registered Student shall be required to attend the module in full and complete all the assessments. In such cases there will be an

additional tuition fee liability. The Registered Student shall be permitted one attempt at the substituted module.

- 7.2.6 (i) Registered Students may not normally be reassessed in or repeat any module for which they have obtained credit, except for Registered Students with extenuating circumstances.

In such a circumstance, the mark used for calculating a Registered Student's weighted mean mark and progress decision or final degree classification and grade point average shall be the mark obtained in the repeat attempt. If a Registered Student fails at the repeat attempt, any previously gained credit in that module will not stand.

- 7.2.6 (j) Following an attempt to retrieve failure (via reassessment, repetition or substitution) the mark used for calculating a Registered Student's weighted mean mark and progress decision or final degree classification and grade point average shall be:

(i) The pass mark for that module if the Registered Student passes the module unless the Registered Student is undertaking year zero of a Foundation Year programme in which case the mark used shall be the higher of the marks achieved.

(ii) The higher of the two fail marks if the Registered Student fails the module.

- 7.2.6 (l) Where a Registered Student following a Foundation Year programme has been reassessed in a module for which credit had already been achieved, the mark used for calculating the Registered Student's weighted mean mark and progress decision shall be the higher of the marks achieved.

- 7.2.6 (k) Notwithstanding this clause the mark achieved following an attempt to retrieve failure of a module will be recorded on a Registered Student's transcript.

- 7.2.6 (l) Where a Registered Student following a Pre-Masters programme has been reassessed in a module for which credit had already been achieved, the mark used for calculating the Registered Student's weighted mean mark and progress decision shall be the higher of the marks achieved by shall be capped at 55%.

- 7.2.6 (m) Where a Board of Examiners accepts that a Registered Student's failure in a module is as a result of extenuating circumstances (as set out in Determination of the results of assessment, above) then an additional attempt to retrieve the failure may be granted. The additional attempt shall be normally of the same status as the attempt affected by the extenuating circumstances: that is either first or reassessment attempt (i.e. sit or re-sit). An additional attempt at a first sitting may therefore be followed by a further reassessment attempt.

7.2.7 Failure to Meet Professional Requirements

- 7.2.7 (a) In Fitness to Practise, a Registered Student who is at risk of failing to meet the professional requirements of their programme as specified in the Code of Professional Conduct and Fitness to Practice shall be subject to Fitness to Practise

procedures as set out in Regulation 8: Student Conduct and the Code of Practice on Misconduct and Fitness to Practise Committee.

- 7.2.7 (b) For all other programmes, the expectation shall be that Registered Students are offered opportunities to retrieve failure to meet any professional requirements (unrelated to academic performance) equivalent to those available for the academic components of the programme.
- 7.2.7 (c) Where a Registered Student's performance in relation to professional requirements is considered irredeemable (following any appropriate retrieval opportunities), the Registered Student may be eligible for the Award of an alternative academic qualification should their academic performance so merit. Such a qualification shall not provide professional status, as documented and approved in the programme specification.

7.3 Progression and Award – Taught Programmes

7.3.1 Undergraduate Programmes

7.3.1 (a) Progression

- (i) Registered Students are required to pass 100 credits at a given stage² of a programme in order to progress to the subsequent stage³. Where programmes have different requirements in terms of credits passed, this shall be agreed by the Senate or under delegated authority and shall be specified in the programme specification.
- (ii) Any additional requirements for progression shall be stated in published programme specification approved by the Senate or under delegated authority.
- (iii) The Senate or a delegated authority may permit Registered Students on relevant programmes to intermit their studies, normally between stages 2 and 3, to undertake a year abroad / in industry / in a different subject discipline . The requirements relating to these shall be specified separately in the programme specification.
- (iv) To be eligible for progression to any year abroad / in industry / in a different subject discipline required by the programme, the preceding credit requirements (stated above) must have been satisfied. For eligibility to progress to the stage of the programme following the year abroad / in industry / in a different subject discipline, that year must be passed satisfactorily.

² Stages are explained in Regulation 6.1.2 (s).

³ A student failing to achieve a minimum of 70 credits in the first year of stage 3 of an Undergraduate Master's degree will normally be required to withdraw from the programme.

- (v) Progression is no guarantee of achievement of the requirements for the final Award. Thus failed credits may need to be redeemed even if progression is allowed.
- (vi) The requirements for progression from foundation degree to an honours degree shall be as stated in the programme specification approved by the Senate or under delegated authority, and will include at least 240 credits, 100 credits of which must be at level I or higher, which may include the 40 credits taken following successful completion of the foundation degree as a bridging module.
- (vii) To be eligible to proceed to stage 3 of an Undergraduate Master's degree, Registered Students must have accumulated 220 credits by the end of stage 2 and the weighted mean mark for stage 2 should normally be 55 or better. Where required for professional accreditation or other academic purposes, Principal Academic Units or Colleges may introduce additional requirements for progression to an Undergraduate Master's degree, subject to the approval of the Senate or under delegated authority. Any such additional requirements will be clearly indicated in the programme specification and in information provided to registered Students. Registered Students who do not meet the requirements to proceed to the Undergraduate Master's degree will proceed to an appropriate Bachelor's degree.
- (viii) Credits from level F modules do not contribute to progression from stage 1 or above, except for foundation degrees.

7.3.1 (b) Award

- (i) Credits and module marks from level F modules shall not contribute to the Award or classification of any Award apart from a foundation degree or foundation certificate.
- (ii) Subject to any additional requirements specified in the programme specification approved by the Senate or under delegated authority, a Registered Student must achieve the credit requirements indicated below in order to be eligible for the Award of the specified degree:

<u>Degree</u>	<u>Credit requirements for Award</u>
Classified Bachelor's degree with honours (360 credit programmes)	At least 320 credits, including at least 100 credits at level C or above, and at least 200 credits at level I and H including at least 100 credits at level H or above.

Classified Bachelor's degree with honours (480 credit programmes)	At least 440 credits, including: at least 100 credits at level C or above at least 300 credits at level I and H or above, including at least 100 credits at level H or above.
Classified Undergraduate Master's degree with honours ⁴	At least 440 credits (560 credits with additional year abroad/in industry) including: at least 100 credits at level C or above at least 100 credits at level I [with at least 220 credits at the end of stage 2 and a stage 2 average of at least 55] at least 200 credits at level H or higher, including at least 100 must be at level M. (if taken, at least 100 credits from the year abroad/in industry at level I or above).
Bachelor of philosophy	At least 120 credits at level H.
Foundation degree	At least 200 credits, including at least 60 credits at level I or above.

- (iii) Principal Academic Units who wish to use Adjusted Regulations as detailed in the Code of Practice on Adjusted Regulations and Bachelor's degrees and the Code of Practice on Adjusted Regulations and Undergraduate Master's degrees may do so with the permission of the Senate.
- (iv) A Registered Student on an apprenticeship programme will need to successfully pass their End Point Assessment to be eligible for the award of their degree.
- (v) Where the degrees arising from programmes have different credit and level requirements in terms of credits passed, this shall be agreed by the Senate or under delegated authority and shall be specified in the published programme specification.

7.3.1 (c) Award of Joint Honours and Major/Minor Degrees

Where two subjects are taken, the following provisions shall determine whether the resulting degree to be awarded shall be Joint Honours, Major/Minor, or Single Honours.

⁴ Undergraduate Master's degrees normally consist of three stages: stage one/1 (level C - 120 credits), stage two/2 (level I - 120 credits) and stage three/3 (levels H & M - 240 credits).

- (i) 3-year programme: award of classified degree, minimum of 320 credits achieved

Where at least 160 credits are achieved in both subjects, a Joint Honours degree shall be awarded. If not, if at least 180 credits are achieved in one subject and at least 120 in the other, then a Major/Minor degree shall be awarded. Failing these provisions, a Single Honours degree shall be awarded.

- (ii) 4-year programme with year abroad: award of classified degree, minimum of 440 credits achieved

Where at least 160 credits are achieved in both subjects, a Joint Honours degree shall be awarded. If not, if at least 300 credits are achieved in one subject and at least 120 in the other, then a Major/Minor degree shall be awarded. Failing these provisions, a Single Honours degree shall be awarded.

- (iii) 3-year programme: award of pass degree, minimum of 300 credits achieved

Where at least 140 credits are achieved in both subjects, a Joint Honours pass degree shall be awarded. If not, if 180 credits are achieved in one subject and 120 in the other, then a Major/Minor pass degree shall be awarded. Failing these provisions, a Single Honours pass degree shall be awarded.

- (iv) 4-year programme with year abroad: award of pass degree, minimum of 420 credits achieved

Where at least 160 credits are achieved in both subjects, a Joint Honours pass degree shall be awarded. If not, if a minimum of 280 credits are achieved in one subject and a minimum of 120 in the other, then a Major/Minor pass degree shall be awarded. Failing these provisions, a Single Honours pass degree shall be awarded.

- (v) Unified programmes of study, involving prescribed components from more than one discipline as set out in programme specifications, shall for the purpose of this Regulation be treated as Single Honours degrees.

7.3.1 (d) Classification of Degrees

- (i) The degree of BPhil and the foundation degree shall not be classified.
- (ii) For degrees other than MBChB and BDS, Boards of Examiners shall place successful candidates for degrees with honours in three classes (Class I, Class II and Class III); the second class being sub-divided into two divisions i.e. Ili and Ilii. Candidates who do not achieve the standard required for honours may be awarded a pass degree.

7.3.1 (e) Grade Point Average Scale

- (i) The degrees of BPhil, MBChB, BDS and the foundation degree shall not have a grade point average calculated. Only degrees that place Registered Students into a degree classification shall calculate a grade point average.
- (ii) The weighted mean mark will be used to calculate a Registered Student's grade point average using the 15 point GPA scale for UK higher education. The scale goes from 0 up to a maximum GPA score of 4.25. The grade point average will be calculated in BIRMS and approved by the Board of Examiners.

7.3.1 (f) Contribution of Marks to Degree Classification and Grade Point Average

- (i) Marks from the stages of a programme shall contribute to the classification of the degree and grade point average in the following proportions:

Programmes with modules at levels C to H.	Stage 1 - 0
	Stage 2 - 25%
	Stage 3 - 75%

Programmes with modules at levels C to M.	Stage 1 - 0
	Stage 2 - 20%
	Stage 3 - 80%

- (ii) Where a Registered Student has progressed to a classified honours degree following successful achievement of a foundation degree, the final award will be calculated as for programmes with modules at levels C to H or programmes with modules at levels C to M above, as appropriate. The additional 40 credits required before progression to a classified honours degree should be included in the degree classification, weighted mean mark and grade point average of the degree as part of the stage 2 contribution.

- (iii) Classified Honours Degrees

Final awards will be calculated using a scheme or schemes based on weighted mean taking account of the credit value and level of the modules concerned as agreed by the Senate or under delegated authority.

- (iv) Where a module has not produced a numeric mark, due to being classed as pass/fail or because the credit has been awarded for Accreditation of Prior Learning, then that module shall make no contribution to the calculation of the final degree classification, weighted mean mark and grade point average.
- (v) Except when otherwise approved by the Senate or under delegated authority, where a year of study abroad/in industry between stages 2 and 3 is included as a requirement of the programme to which a Registered Student has been admitted, the achievement of the learning outcomes shall

be assessed and used, in a proportion to be agreed by the Senate or under delegated authority, towards the overall stage 2 contribution to the degree classification, weighted mean mark and grade point average.

- (vi) Normally where a semester or year of study abroad is an equivalent alternative to study that would otherwise have been taken within this University, it must be assessed and it should contribute to the degree classification, weighted mean mark and grade point average in the same way as the equivalent study undertaken within the University.
